

[E] Sunshine go away today  
I don't feel much like [B] dancing  
[E] Some man's gone he's trying to run my life  
He don't know what he's [A] asking.

[E] He tells me I better get in line  
Can't hear what he's [B] saying  
When [E] I grow up I'm gonna make it mine  
These ain't dues I been [A] paying.

[A] How much does it [E] cost, I'll buy it.  
The [A] time is all we've [E] lost, I'll try it.  
[A] He can't even [E] run his own life  
I'll be [D] damned if he'll run [B] mine Sunshine.

[E] Sunshine go away today  
I don't feel much like [B] dancing  
[E] Some man's gone he's trying to run my life  
He don't know what he's [A] asking.

[E] Working starts to make me wonder where  
Fruits of what I do are [B] going  
[E] He says in love and war all is fair  
He's got cards he ain't [A] showin.

[A] How much does it [E] cost, I'll buy it.  
[A] The time is all we've [E] lost, I'll try it.  
And [A] he can't even [E] run his own life  
I'll be [D] damned if he'll run [B] mine Sunshine

[E] Sunshine come on back another day  
I promise you I'll be [B] singin  
[E] This old world she's gonna turn around  
Brand new bells will be [A] ringing
