*They made up their minds*

Verse1

**The Way - Fastball**

And they started packing

They left before the sun came up that day

An exit to eternal summer slacking

But where were they going without ever

Knowing the way?

They drank up the wine

Verse2

And they got to talking

They now had more important things to say

When the car broke down they started walking

Where were they going without even

Knowing the way?

Anyone can see the road that they walk on

Chorus

Is paved with gold

It's always summer

They'll never get cold

They'll never get hungry

They'll never get old and grey

You can see their shadows wandering off somewhere

They won't make it home

But they really don't care

They wanted the highway

They're happier there today

Their children woke up

Verse3

And they couldn't find them

They left before the sun came up that day

They just drove off and left it all behind'em

But where were they going without ever

Knowing the way?
